

1. Materials for administering the competition will be sent to the email address provided in the registration a few days prior to the November 2, 2022 contest date.
2. Prior to the date of the contest, make enough copies of the question papers for all participating students if needed.
3. Part I of the KSU Mathematics Competition must be administered during a convenient 90-minute block of time either during or after the school day.
4. Students must be monitored by a member of the high school staff at all times during the 90-minute contest.
5. Contest questions cover high school mathematics content up through, but not including, Calculus.
6. No calculators are permitted during the contest.
7. ESOL students are permitted to use a dictionary or electronic translator during the contest.
8. After the 90-minute exam, students' completed answers must be entered online by the student or the teacher.
9. Students may keep the question papers and should be encouraged to discuss the questions when the contest is over.
10. An electronic copy of the contest and solutions will be available for approximately ten days after the contest date on the contest website
